

REMARKS

[0001] Applicant respectfully requests continued examination, entry of the following remarks, and reconsideration of the subject application. Applicant respectfully requests entry of the amendments herein.

[0002] Applicant respectfully requests reconsideration and allowance of all of the claims of the application. Claims 24-31 are presently pending. Claims amended herein are 24, 25, and 31. No claims are added, withdrawn, or cancelled

Statement of Substance of Interview

[0003] The Examiner graciously talked with me—the undersigned representative for the Applicant—on February 25, 2009. Applicant greatly appreciates the Examiner's willingness to talk. Such willingness is invaluable to both of us in our common goal of an expedited prosecution of this patent application.

[0004] During the interview, I discussed how the claims differed from the cited references, namely Sreenan, Wrabetz, and Baugher. Without conceding the propriety of the rejections and in the interest of expediting prosecution, I also proposed several possible clarifying amendments. I understood the Examiner to tentatively agree that independent claim 24 would be patentable over the cited art if amended as discussed during the interview

[0005] Applicant herein amends the claims in the manner discussed during the interview. Accordingly, Applicant submits that the pending claims are allowable over the cited references of record for at least the reasons discussed during the interview.

Formal Request for an Interview

[0006] If the Examiner's reply to this communication is anything other than allowance of all pending claims, then I formally request an interview with the Examiner. I encourage the Examiner to call me—the undersigned representative for the Applicant—so that we can discuss this matter so as to resolve any outstanding issues quickly and efficiently over the phone.

[0007] Please contact me to schedule a date and time for a telephone interview that is most convenient for both of us. While email works great for me, I welcome your call as well. My contact information may be found on the last page of this response.

Claim Amendments

[0008] Without conceding the propriety of the rejections herein and in the interest of expediting prosecution, Applicant amends claims 24, 25, and 31 herein. Applicant amends claims to clarify claimed features. Such amendments are made to expedite prosecution and more quickly identify allowable subject matter. Such amendments are merely intended to clarify the claimed features, and should not be construed as further limiting the claimed invention in response to the cited references.

Formal Matters

Claims

[0009] The Examiner objects to claims 9 and 21-24 as being indefinite. Herein, Applicant amends claim 24, as shown above, to address the objection made by the Examiner, and to expedite prosecution. Applicants respectfully note that Claims 9 and 21-23 have been canceled. Accordingly, Applicant believes that the rejection has been rendered moot and requests that the rejection be withdrawn.

Substantive Matters

Claim Rejections under § 103

[0010] Claims 24-31 are rejected under 35 U.S.C. § 103. In light of the amendments presented herein and the decisions/agreements reached during the above-discussed Examiner interview, Applicant submits that these rejections are moot. Accordingly, Applicant asks the Examiner to withdraw these rejections.

Conclusion

[0011] All pending claims are in condition for allowance. Applicant respectfully requests reconsideration and prompt issuance of the application. If any issues remain that prevent issuance of this application, the **Examiner is urged to contact me before issuing a subsequent Action.** Please call or email me at your convenience.
